Education

Vellore Institute of Technology, Vellore

B.Tech in Computer Science Engineering

CGPA: 8.38/10

2023 - 2027

Delhi Public School, Sushant Lok

CBSE Class XII

Score: 87.4%

2023

Work Experience

App Developer Intern

May 2025 – July 2025

Zeepty

Remote

- Shipped **3+ core features** including push notifications & UX enhancements using **React Native**, reducing app load time by **30 ms**.
- Orchestrated **CI/CD workflows** via GitHub Actions, automating build pipelines and lowering crash rates by 20%.

Software Development Engineer Intern

May 2025 – Aug 2025

AI Core Solutions

Remote

- Delivered a scalable React Native application enabling access to AI-powered services for **500+ users**.
- Implemented **Socket.IO**-based real-time communication, enabling instant notifications and live updates while reducing data refresh latency by **40%**.

Skills

Languages: C, C++, Kotlin, Java, Python, JavaScript, TypeScript, SQL, Go

Frameworks: React Native, Next.js, React.js, NestJS, Node.js, Express.js, FastAPI, GoFiber

Databases: MongoDB, MySQL, PostgreSQL

DevOps & Tools: Git, GitHub, Docker, Firebase, OpenCV, Ansible, AWS, CI/CD

Projects

ACMOne App | *React Native, TypeScript, NestJS, Firebase*

- Developed the official ACM-VIT mobile app with **Firebase Authentication** and optimized UI/UX, supporting **100+ active users**.
- Delivered **10+ cross-platform** interfaces and managed deployment across Play Store and App Store.

Cryptic Hunt App | *React Native, TypeScript, Firebase, Go, GoFiber*

- Pioneered an interactive treasure-hunt application for **500+ users**, integrating Firebase Authentication and real-time push notifications.
- Engineered **NFC-enabled** gameplay with a **GoFiber** backend handling **1000+ real-time requests** during live game sessions.

GitHub Open Source Parse | *Next.js, GitHub API, MongoDB*

- Built a full-stack platform using **GitHub API** & **Tree-sitter** to analyze structures for repositories.
- Implemented secure authentication with **Better Auth** and developed modules supporting real-time collaboration.

Apex Market | *NestJS, AWS, Prisma, Next.js*

- Engineered scalable RESTful APIs using **NestJS** and **Prisma**, implementing **Role-Based Access Control (RBAC)** and **JWT authentication** for secure user management.
- Implemented a **Next.js** frontend with Server Actions and integrated **AWS S3** for media storage and **AWS SES** for transactional emails, enabling efficient server-side processing.

Extra Curricular

Projects Lead, ACM-VIT

- Leading a team of **50+ designers and developers** to build technical products used by **10,000+ users**, overseeing end-to-end development across multiple technology stacks.

Certifications

DevOps, Agile and Design Thinking – IBM Technology
